

Integrated Payments 1098-T Solution

Transform How You Manage Tax Forms

Payment processing is core to your business operations. Our 1098-T solution helps schools automate the preparation and delivery of tax documents with flexible options for both digital and printed forms. Choose digital presentment, physical mailing, or a combination of both while maintaining enhanced security, ease of use, and transparency across business operations.

How our 1098-T solution helps your staff

Flexible delivery options, including digital access, print and mail services, or both

Data protection through a secure platform that provides peace of mind for administrators

Market-leading integration with various student information systems (SIS) and financial platforms to provide accurate student records

Reduced administrative burden by automating the tax form distribution process

IRS compliance filing to maintain accuracy and meet IRS requirements (Full-service option)

Address verification to ensure precise mailing with PostalSoft USPS (Full-service option)

IRS filing status updates to keep administrators informed on filing status (Full-service option)

How we help your students

Our 1098-T solution provides students with choice and convenience. Forms are available through a web-based, mobile-friendly portal with full-service options, including presentment, mail, file, and print capabilities.

By leveraging both digital and physical delivery methods, students can access their tax forms in whatever way works best for them.

Choice of delivery method: digital, print, or both

Instant digital availability as soon as forms are finalized

Downloadable and printable for easy personal record-keeping

FERPA-compliant parent access allows authorized individuals to retrieve the digital form directly, eliminating delays from mail or reliance on student delivery
